# Register your guarantee

---

Thank you for choosing Alumina bi-folding doors.

Please ensure you register your guarantee online to protect your investment.

Visit: [www.alumina.liniar.co.uk/guarantee](http://www.alumina.liniar.co.uk/guarantee) now.

Alumina bi-folds are manufactured from high quality components, which are guaranteed by Liniar for the following periods:

---

Aluminium and PVCu Extrusions, including foiled finishes - 10 years

---

All Aluminium and PVCu extrusions are manufactured using tried and tested formulations from approved suppliers and will not warp, split or discolour.

---

Moving parts - 5 years

---

All moving parts are guaranteed against failure. Details regarding the correct operational use of the product are documented within the "Alumina Installation Manual". Failure due to mis-handling will void all guarantees.

---

Coloured hardware finish - 1 year

---

The guarantee applies to product finishes for 1 year but does not include faults caused by wilful or neglectful damage, excessive wear and tear and situations of atmospheric or installation conditions that may lead to accelerated finish breakdown

## Terms & Conditions

**Manufacture:** The finished product must comply with the latest issue of Liniar's Alumina Bi-Fold Fabrication Manual at the time of manufacture. Only Liniar parts must be used during manufacture; failure to do this will void all guarantees.

**Installation:** Installations must comply with all aspects of the latest issue of Liniar's "Alumina Bi-Fold Installation Manual" at the time of installation. A copy can be downloaded from [alumina.liniar.co.uk/downloads](http://alumina.liniar.co.uk/downloads).

**Maintenance:** Alumina doors must be maintained in line with the care instructions supplied with this door set - a copy can be downloaded from [alumina.liniar.co.uk/downloads](http://alumina.liniar.co.uk/downloads). Failure to carry out simple maintenance as described will render all guarantees void.

In the unlikely event of a product failing as a result of defective manufacture or design, Liniar will replace free of charge any product deemed as not meeting its exacting standards. If the product is obsolete a product of equivalent specification will be supplied. No claims for consequential cost including refitting will apply. This guarantee is valid from the date of installation, proof of which will be required. Liniar reserves the right to inspect the installation where a claim is made. This guarantee does not exclude any statutory rights of the purchaser.
